Bio

Formed in 2017, aJan finds harmony between desert groove sounds and a rave-like atmosphere on stage, an exceptional synthesis of Bombino's guitar sound, Prodigy grunge and Jamiroquai futurism, composed of professionals sharing their narratives from Nigeria, Azerbaijan, the United Kingdom and Germany. Brought together by a love of music and the shared desire to create a live experience that is so irresistible and accessible that you can't help but dance your troubles away. aJan aims to bring people together from all walks of life, tap into something inside all of us and share in a special moment which will live long in memory.
